MORE CURES

EFFECTED BY DR. CORBETT'S SHAKER SYRUP OF SARSAPARILLA!

The following is from Jacob P. Eastman, of Concord, N. H., extensively known as an efficient Railroad Contractor and Builder, throughout the New England States.

BOSTON, March 8, 1849.

MESSRS. E. BRINLEY & CO.

Gentlemen:—Happy am I to inform you of the wonderful effects of Corbett's Sarsaparilla upon a little daughter of mine, who was poisoned, when at the age of about three years, by *acute disease.* Eruptions of the skin covered her whole body for more than twelve months, discharging the most offensive matter. We were compelled for months to oblige our little sufferer to wear mittens while in bed, and to adjust her night-dress by closing the openings at the hands and feet so as to prevent her from tearing her flesh. But even with these precautions, she would, at times, release her hands by gnawing her mittens about the finger ends, and then scratch and lacerate herself severely until the blood would flow.

She is now nearly restored to health, having used no other medicine for the last two years than "Corbett's Sarsaparilla." The effect of this powerful alterative is most signal, seeming to cleanse the whole system and eradicate all disease. The skin of our little girl is now fair as that of infancy, and her system rapidly changing from impurity and disease to perfect health, and this I know to be the result of the use of Corbett's Sarsaparilla only.

J. P. EASTMAN.

DR. CORBETT'S HIGHLY CONCENTRATED

SYRUP OF SARSAPARILLA.

The Formula of this invaluable Preparation has been laid before many of the different Medical Societies in New England, and has received in every case their especial commendation. It has been acknowledged as the most powerful antidote yet known! Thoroughly cleansing the Blood! Eradicating Scrofulous Taint and affording the most healing qualities to Diseased Lungs! and giving to the consumptive Restoration to Health!

The celebrated Surgeon and Physician, Dr. Valentine Mott, President of the New York Academy of Medicine, has given his especial notice to the aromatic Preparation of Dr. Corbett's, and permits us to refer to him as to its virtues.

This is testimony not simple! but in Boston, other distinguished Physicians have also affixed their approval of this valuable efficacious medicine! Such as Dr. J. C. Warren, Dr. J. W. Warren, Dr. Geo. Hayward, Dr. John Jeffries, Dr. J. V. C. Smith and others; many of whom have given their names in writing in favor of its sanative powers.

Alexander B. Mott, Esq., Druggist of New York, son of the distinguished Dr. Valentine Mott, writes us under date Nov., 1848:—

"The Physicians of this city who have made use of Corbett's Syrup of Sarsaparilla, express themselves pleased with its effects and are constantly ordering it."

These are credentials the public may rely upon for they are those of the highest authority and the largest experience in Medical Science and research.

LITTELL'S LIVING AGE,

E. LITTELL & CO., cor. of Tremont and Bromfield streets, Boston.

This work is conducted in the spirit of Littell's Museum of Foreign Literature, (which was favorably received by the public for twenty years,) but as it is twice as large, and appears so often, the editor not only gives spirit and freshness to it by many things which were excluded by a month's delay, but while thus extending his scope and gathering a greater and more attractive variety, is able so to increase the solid and substantial part of his literary, historical, and political harvest, as fully to satisfy the wants of the American reader.

The Quarterlies and stately Essays of the Edinburgh, Quarterly, and other Reviews; and Blackwood's Magazine on Poetry, his keen political Commentaries, highly wrought Tales, and vivid descriptions of rural and mountain Scenery; and the contributions to Literature, History, and Common Life, by the sagacious Spectator, the sparkling Examiner, the judicious Athenæum, the lively and judicious Literary Gazette, the sensible and complete Britannia; the sober and respectable Christian Observer; these are interwoven with the Military and Naval reminiscences of the United Service, and with the best articles of the Dublin University, New Monthly, Fraser's, Tait's, Ainsworth's, Hood's, and Sporting Magazines, and of Chambers' admirable Journal. He does not remember it beneath his dignity to borrow wit and humor from Punch; and, when he thinks it good enough, takes one of the Leaders of the Times.

The steamships just brought Europe, Asia, and Africa, into our neighborhood; and will greatly multiply our connections, as Merchants, Travellers, and Politicians, with all parts of the world; so that much more than ever it now becomes every intelligent American to be informed of the condition and progress of foreign countries. And this not only because of their future connection with ours, but because the nations seem to be hastening, through a rapid process of changes, to some new state of things, which the naturally political people to come must guide or foresee.

Geographical Discoveries, the progress of Colonization, (which is extending over the whole world,) Land Voyages and Travels, and all favorite matter for his selections; and, in general, the editor seeks anxiously and very fully to gratify his readers with the most important of Foreign affairs, without neglecting our own.

While the Living Age is acceptable to all who wish a faithful and clear statement of the rapid progress of the times, and to Statesmen, Divines, Lawyers, and Physicians, as a repertory of facts and documents, it will be found to be equally attractive and useful to the wives and children. It is indispensable to every well-informed family. We say indispensable, because in this day of cheap literature the most possible to procure is not the cheapest of what is read in taste and virtues in morals, in any other way than by furnishing a selection, equally valuable in both characters. The mental and moral appetite must be gratified.

By a weekly visit to the volumes from the shelf, he possesses, after a few months, a full and satisfactory compendium of Biography, Voyages and Travels, History, and more solid literature, a work is produced, so different from the ephemeral pamphlet of the day, as to give the reader a just pride in its possession.

The Living Age is published every Saturday, by E. Littell & Co., cor. of Tremont and Bromfield streets, Boston, and forms four large volumes a year, containing three thousand two hundred pages of matter, besides occasional supplements. Each number contains as much as a octavo pamphlet of 48 pages, stitched and covered. Price 12 1-2 cts., and by the year, $6 00. We add to our own recommendation, what our readers will value infinitely more, a letter from the late President J. Q. Adams:—

"WASHINGTON, 27th December, 1845.

"I wish the Proprietors of the Living Age to know that I consider it the cheapest periodical work published in the English language, and that I regard it as the most valuable present that can be made to a son or daughter, or other young friend, of either sex, on the verge of entering upon the stage of life. J. Q. ADAMS."

UNITED STATES ARSENAL,

Dec. 1, 1845.

DEAR SIR:—Having been a subscriber for the Living Age from the commencement of the work, I can bear testimony to the value of the selections which it contains. I have found it a valuable repository of the current literature of the day, and a cheap one. I have also found it a convenient work for binding, as the numbers can be had complete, and the volumes are of a convenient size. I am, dear sir, yours, &c.,

G. A. SCHWAZZALLER.

DR. CORBETT'S SYRUP OF SARSAPARILLA

EFFECTS WONDERS!

Read this remarkable case of JOHN DAVIS, *Sailor of Rev. Edward T. Taylor's Church, Boston.*

I, the undersigned, Sexton of the Church of that good man, Father Taylor, state the following facts, which I think should be told a world. I was born in Portugal, and am now forty years of age. My parents were healthy, and I was not afflicted by any disease until the year 1845. I was then residing in Boston. At that time my skin became subject to a humor, which at last was so bad as to alarm myself and friends. Severe sores and ulcers soon developed themselves; boils, sores and ulcers developed themselves; boils, sores are now deeply imprinted on my forehead and other parts of my body, and by their execrable discharges I became an object of disgust. About twelve months since my affliction commenced increasing. Deprecated by one of the basest characters connected to my name, my head, and soon attacked my eyes. I became weak, emaciated, and unable to perform the duties of life for my daily bread. Failing of receiving any benefit from physicians who prescribed for me, I resorted to the use of various Sarsaparilla compounds, as advertised, but with no benefit. The able and distinguished surgeon and physician, James Ayer, M. D., Lowell, was at last advised by a friend to use Corbett's Shaker Sarsaparilla.

I am happy now to state that my general health is fast improving, the scrofulous developments on my head, arms and face quickly passing away, and not with this moment leave I had any hope of a cure from the grave. To Corbett's Sarsaparilla do I alone attribute this amendment, as not until I had adopted its use, (and this in minute quantities,) have I for four years found any relief from suffering.

DR. CORBETT'S Concentrated Syrup of Sarsaparilla!—The Ruling Medicine of the Day!—Thus writes L. W. Wright, Esq., the well known, efficient and gentlemanly Conductor on the Concord Railroad.

Boston, Feb. 21, 1849.

Messrs. Edward Brinley & Co.

Gentlemen:—In March last, 1848, I was prostrated for several weeks with an inflammatory brain fever, which left me in a weak and feeble state.

A friend advised me to try a bottle of "Corbett's Concentrated Shaker Sarsaparilla," which I did, with the happiest results. Before I had emptied the first bottle, I was conscious of a decided improvement, both in strength and my general health. I have since used several additional bottles, until my health is better, and my constitution apparently stronger than it has been for years. To those similar afflicted as myself, and failed to all troubled with constitutional debility, loss of appetite, or impure blood, whether proceeded by general disease or otherwise, I can cheerfully recommend the Shaker Sarsaparilla, as in my opinion it is the most effective and health-restoring medicine known. Yours truly,

L. W. WRIGHT,

Conductor on the Concord Railroad.

WONDERFUL EFFICACY OF DR. *Corbett's* HIGHLY CONCENTRATED

SYRUP OF SARSAPARILLA.

Further evidence as to its virtues.

To MESSRS. E. BRINLEY & CO.

Gentlemen:—Since time flows you kindly sent me a few bottles of Dr. Corbett's Shaker Sarsaparilla, believing, as you said, it might help me, my Blood being out of order, and my Stomach annoyed by dyspeptical complaints. As I had long been using other Sarsaparilla Compounds with various rather than benefit, and having tried various remedies with no help whatsoever, I felt unwilling to attempt anything further. But relying on the distinguished names of Physicians attached to the medicine, I took the use of one bottle. Using it only in small doses, I found my stomach gradually regaining its tone. After a steady and moderating use of it for some months, I found my whole system thoroughly changed. My appetite was considered; my blood clean, active and pure, and health once more affordings. Several of my friends most painfully afflicted with diseases of the Skin, Liver Obstruction, and who are of strong Consumptive bent, are now using this wonderful medicine with most astonishing efficacy. In my own case, I am happy to state the cure was complete beyond my best anticipations.

Very gratefully, your obliged friend,

JOHN T. FIELD.

BALSAM OF WILD CHERRY.

This celebrated and infallible remedy for the cure of Consumption, Asthma, and Liver Complaint, was discovered more than sixty years ago. Since that time it has, by its own merits, been rapidly, surely, and solely working its way through the opposition of quacks and rascally druggists, until by its true value and intrinsic excellence, it has gained a position which is most enviable for quality and reliability for all the members of families and individuals of public trust, the world over. The testimonials of Ministers who have been relieved and cured by this valuable remedy, which those that have given it their names in writing in favor of its sanative powers, fully establish its claims to the confidence of the afflicted. Those similar afflicted are requested to call and get a pamphlet, gratis, which will be found that many of the most distinguished men in the country have given their names in writing in favor of its sanative powers.

THE WHITE SPRAY,

OR THE

PEDLAR OF NEWPORT.

BY MRS. H. STINES.

CHAPTER II.

[Concluded.]

"When I am dead, Kate, take this and send it to him; and she raised her hand, resting it upon one long heavy curl.

She was growing very faint, and Kate whispered—

"Don't talk more now, darling," as she smoothed back the hair falling over her brow. It was cold and damp.

"Mother," she said, as Mrs. Conyers came in. "If I could sit in the recess of the window a little while, it would quiet me. Do you not think I might? I am very restless to night."

Sadly and tenderly Mrs. Conyers wound her arms about the faded young creature, and bore her to the window. There was a large easy chair draped with white, and gently she placed her therein, while Kate gathered back the curtains. The storm had cleared, and the moon rode high in the deep blue vault of heaven. Far as the eye could reach stretched one billowy plain of snow. Every tree and shrub was laden, while the dark firs in the distance looked like fairy frosttoes, with their burden of snow.

Never did Kate Ellis look upon a scene so holy and beautiful as was stretched before her that still winter night. Close by Sybil's side stood a slender tree covered with white flowers, gleaming out like snow flakes from amid their dark leaves; and Sybil stretched forth her hand, gathering a branch, held it to her lips. The next moment she rested her arm upon the windowsill, laid her head wearily upon it, with the green boughs drooping over her.

There was a brief silence when she murmured softly, "Darling, darling." Are you coming, Harry, Harry?" A long, deep sigh. The white face turned slowly upward, and the moonlight fell upon a smile of ineffable joy resting upon the lips of the dead. Mournfully they laid her back upon the couch, gathered back the damp curls from the cold brow, folding the little hands with the white buds of Harry Wharton, over the bosom now still in death.

With beaming smile and courteous bearing, Dr. Wharton passed down his luxurious drawing-room, with the crowd pressing heavily about him, gathered there that night in honor of his young wife's birthday.

It was a scene of almost regal luxury, of unwonted gaiety. Flowers wreathed the lamps, and held back the silken drapery, and sent forth their incense from tall vases, while the fragrant air trembled to the rich music, filling every apartment of that stately dwelling with its wild melody.

The evening was wearing away when his glance wandered to his fair wife, as she stood with a group of gentlemen about her at some distance.—Her hair was wreathed with jewels, and at every graceful gesture the fragile lace of her robe fluttered and trembled as it swept in costly folds to the floor.

But the eyes that rested so earnestly upon that brilliant creature flashed forth no ray of pride or love. No cloud darkened the husband's brow when he marked her draw her finest bud from her boquet, and place it within the braid of one who ever hovered near her during the evening.

Not imagination and memory were at work; and close beside the light and thoughtless one stood a form, how different—a form that should *have stood* there, in its calm dignity, holding him captive at its side.

Peal forth, oh, joyous music, thy wildest strain—wake the dreamer from his dreams, dreams which may come no more, for even now a servant bends low, and Harry Wharton lifts a white, folded note. Onward he passes the throng to the conservatory, where [illegible] Harry Wharton, it is well it is not [illegible] colorless cheek, where their long, dark curl lies before you. One brief line he reads, of Sybil and the dead.

A burst of music wilder than all others, falls upon his ear, and with it [illegible] laugh, full of [illegible]

[illegible] and [illegible] upon his hand; a jewel more precious to the departed one, than the brightest gem glittering within his bride's hair.

The Daily News.

NEWPORT.

BY CRANSTON & NORMAN,

127 THAMES STREET.

FRIDAY MORNING, MAY 10, 1850.

☞ The last tidings by the California mails show that the revolution in prices &c. has commenced; the prices are rapidly falling, and everything appears to be coming down to a reasonable and sensible level. In consequence of this, several heavy failures have occured, and more are expected. In the course of a year from this time, we think there will be a very general overturning of affairs there; prices must come down and speculators must be seriously affected. Those who have purchased real estate at high rates, thinking that they should realize large profits on their sales, will soon have to sell at something like fair prices; and where a man has paid ten thousand dollars for a lot of land, which in fact is only worth two or three thousand, and from which he cannot now realize more, he will be unable to survive many similar shocks. However, after this reaction has taken place, and business is established on a surer and more healthy foundation, it will be better for all; and although men may not make money so rapidly, they will make it more honestly and more safely.

☞ On Wednesday, May 1st, Hon. Orin Fowler, of Massachusetts, presented, in the House of Representatives, the petitions of citizens of Bristol, Warren, Newport, and Providence, Rhode Island; and of Fall River, Massachusetts; and of New York, praying that a beacon light-house be erected on Sandy Point, on Prudence Island, in Narragansett Bay. We trust that the prayer of these petitions will be granted, as the urgent necessity of a light-house at Sandy Point has long been seriously felt. It is required for all vessels navigating Narragansett and Mount Hope Bays. The New York line of steamers, which invariably pass this point, late in the evening or very early in the morning, require a light on this Point in order to enable them to pass on with at detention, particularly in thick weather.

☞ The editor of the Providence Post, in one of his letters from this place, casts an unwarrantable reflection upon Stephen Cahoone, Esq., our excellent General Treasurer. In speaking of the expenses which the State has paid for violations of the License Law, he makes the following remarks:—

Some of the country members are very anxious to find out how much the State is gaining or losing by the prosecutions under the present license law; and I am told that they will make some attempt to ascertain the facts. They tried, gently, to get at them, last winter, but did not succeed. I reminded one of the anxious that we had tried for seven years to get the items of expenditure growing out of the Algerine "War" in 1842, and had not succeeded; that the GRAND Treasurer—(there is some meaning to the emphasised word)—had been once or twice ordered to report them, but had refused. When the Whigs have tried seven years unsuccessfully, to find out how much of our money goes to pay costs in license cases, perhaps they will dare prosecute somebody for Treasurer beside Stephen Cahoone.

This assertion is entirely gratuitous on the part of the editor of the Post, and if he really believes what he states, he has made a sad mistake in obtaining his facts. No call was ever made by the Legislature on Stephen Cahoone for official information that it was not promptly and fully answered; and we know that Rhode Island has never had a more honest, worthy and intelligent General Treasurer. In all that constitutes the nobility of man, he has but few equals, in this or any other State.

☞ Both branches of the General Assembly have voted to adjourn to the first Monday in August, instead of the last Monday in June, as heretofore.

☞ We are indebted to the Hon. Thomas H. Benton and the Hon. John H. Clarke for valuable Public Documents.

☞ The New York Herald says George Curtis will be collector of New York, if Mr. Maxwell is withdrawn.

☞ Caleb Cushing is in Washington, forwarding some scheme of speculation in Western lands, it is said. He owns more land in the West than comprises the island of Great Britain.

☞ According to the 35th article of the treaty between New Granada and the United States, it is said, the government of New Granada has no authority to demand passports from any American crossing the Isthmus.

☞ A witness before the Supreme Court while being examined by Attorney General Clifford, alluded to Mr. Page, of New Bedford, late master in chancery, as the Chancellor. Mr. Clifford enquired if he [illegible] "Chancellor," was the prompt reply. Fascinated Chancellor, who used to get by the sobriquet of *Jeff* Clifford, acknowledged the impeachment of the Court's heavy laugh.

GENERAL ASSEMBLY.

MAY SESSION.

Thursday Morning.

The House met at 10 o'clock. The Journal of yesterday's proceedings was read and approved.

Petition of Charles Randall, Guardian, for sale of Real Estate, received and referred.

Mr. Cranston introduced an act amending the charter of the Island Cemetery, which was read and referred.

Mr. Perry introduced an act authorizing the appointment of a Judge of Probate for Newport, which was received and referred.

Mr. Hazard, of Prov., introduced an act relative to Jurors, and also an act for the relief of poor prisoners, which were received and referred.

Petition of Nathan Warren, Jr., to adopt child; granted, and act passed.

His Excellency the Governor and Senate were invited to join the House for the purpose of proceeding in the election; the invitation was accepted.

IN GRAND COMMITTEE.

Gov. Anthony stated that the two Houses had joined in Grand Committee for the purpose of proceeding in the election of officers for the ensuing year. The following officers were then elected:—

CLERKS SUPREME COURT.

NEWPORT COUNTY.—Wm. G. Pain.

PROVIDENCE COUNTY.—Walter Paine, Jr.

BRISTOL COUNTY.—Massedorn T. Bennet.

KENT COUNTY.—Joseph J. Tillinghast.

WASHINGTON COUNTY.—Powell Helme.

CLERKS COURTS OF COMMON PLEAS.

NEWPORT COUNTY.—Daniel C. Denham.

PROVIDENCE COUNTY.—John W. Smith.

BRISTOL COUNTY.—Massedore T. Bennet.

KENT COUNTY.—William Bodfish.

WASHINGTON COUNTY.—John W. Clark, Jr.

SHERIFFS.

NEWPORT COUNTY.—Wm. H. Douglas.

PROVIDENCE COUNTY.—Roger W. Potter.

BRISTOL COUNTY.—Stephen Johnston.

KENT COUNTY.—Thomas Bateman.

WASHINGTON COUNTY.—Postponed until next session.

The Notaries Public for the several counties were then elected.

The Justices of the Peace for the several towns were elected, where the towns do not elect for themselves. Messrs. William Gilpin, Daniel C. Denham, Benj. B. Howland, and Benj. Mumford were elected for Newport.

E. S. Wilkinson Agent Providence and Pawtucket Turnpike.

Henry Anthony, Thomas G. Turner and Allen C. Mathewson Rail Road Commissioners.

William French, Jeremiah Hazard and H. C. Wardwell Inspectors of Ferries.

William Green Brigadier General Fourth Brigade.

The election of officers having been completed, the two Houses separated.

The House adjourned to 3 o'clock.

Thursday Afternoon.

The House met at 3 o'clock.

The Bill authorising the election of a Judge of Probate in Newport, was read a second time and passed.

Petition of Edward Hartwell, for commutation of punishment; granted and act passed.

Petition of Edward W. Hopkins et. al., for charter of Hopkinton Bank; granted and act passed.

The resolution in regard to the enlargement of the Providence County Jail, was taken up and discussed.

CONGRESS AND LAFAYETTE.—The recent discreditable debate in the House of Representatives on the part of some of the members, has brought forth a fact to general knowledge which reflects dishonor on Congress. Mr. Bayly, in the course of an unmannerly fling at the motives of Mr. Grinnell, said the whole affair was a scheme "to get up a little glory," and added that it was so with those who brought Lafayette to this country. This has elicited a card from Mr. Francis Allen, who commanded the *Cadmus*, the vessel in which Lafayette came to the United States, branding the assertion as false and gratuitous. He asserts that he did not tender the ship, but was in a position which compelled him either to do so, or to refuse a passage wholly. Congress voted a free passage to Lafayette, but has never, to this day, paid for it. A bill of indemnification has twice passed the Senate, but has always been stopped and killed in the House.

The Louisville Journal, referring to the Nashville Convention, adds significantly:

"Any individual who shall go into that body, assuming to be a representative of the State of Kentucky, had better not come back within her limits."

☞ Father Mathew seems to be needed at home. The British government have just concluded a contract for their year for a hundred thousand gallons of rum, destined to *dispirit* the Navy.

☞ Remedy for the night-mare—a clear conscience.

BY TELEGRAPH.

CONGRESS.

WASHINGTON, Wednesday, May 8.

SENATE.—Mr. Davis presented the resolutions from the Legislature of Mississippi and spoke at some length upon the subject.

He also read from the proceedings of the convention and the address to the people.

HOUSE.—After the usual opening business was attended to, Mr. Inge was excused from serving upon Mr. Stanley's committee.

The House then went into the committee of the whole on the state of the Union, and resumed the consideration of the census bill.

Various amendments were considered upon.

Bain's fire works only from Jersey City, and consequently our despatch is curtailed thereby.

PARTICULAR.—The Postmaster of New Bedford is a model officer—certainly so far as pains taking can constitute one. Thus: in his advertised list of letters, he prefixes an asterisk to a certain person's name, and then appends the following note:

"This man lives down South and goes to Brother Dean's meeting!

Whether the worthy Postmaster intended to commend the owner of the letter for going to "Brother Dean's meeting," or simply to give a hint to the pastor and his people to aid the press in its notification, or both, is not exactly known. "Down South" doesn't mean South Carolina—only that section of the city of New Bedford where the colored population mostly live.—*Bos. Trans.*

MR CALHOUN has left a wife, four sons, and two daughters. One of the latter married Mr. Clemson, the American Charge at Belgium, while the other is an invalid at home. His eldest son Andrew, is a wealthy planter in Alabama; Patrick, the second son, is in the army, and was an Aid of Gen. Gaines; John, who was named after him and who was with him when he died, is a physician; the youngest son William, is now pursuing an undergraduate course of study at College.—The family of Mr. Calhoun are left in affluent circumstances, his property being estimated at 100,000 dollars.

A MODEST YANKEE.—The following unique petition was presented in the Massachusetts Legislature lately, with much seriousness:—

"*To the Honorable Senate and House of Representatives:*—Sirs: I wish to have my name changed to that of Franklin Macy, instead of Stephen Macy, being a relative of the illustrious Dr. Franklin, and *having a mind like his.*

"Which your petitioner will ever pray.

"STEPHEN MACY."

The petition was accompanied by an historical statement from "Folger's Almanac."

"SEWING SOCIETIES.—We find the following in one of our exchange papers:

"The grand jury of a town in Ohio has presented the "Sewing Society" of that place as a nuisance."

We had no sooner got over a good laugh, after reading the above, than we turned our eyes toward the window, and beheld some young ladies who were going to a "Sewing Society."

These societies, we believe, are placed under the head of "Christian societies," but are they so in reality?—Much of their time is spent in talking about those absent, when the same conversation would not probably be carried on in the same manner, if the individuals were present. Is, then, the theme of conversation of a christian character? Is such a society useful in the community?

CLEAR AS MUD.—"Transcendentalism is the spiritual cognoscence of psychological irrefragibility, connected with conscientient ademption of incolumbient, spiritual, and etherealized contention of salutary connection.

☞ A young and beautiful damsel, near Frankfort, Ky., having two lovers, and not knowing which to prefer, settled the matter by marrying one, and eloping with the other.

MRS. JERVIS'S COLD CANDY.

NO POSTPONEMENT.

If you're a cold on Sunday night,
With throat inflamed, chest sore and tight,
And don't take aught to set you right,
You won't get well in *one* day.

But on the Monday when you wake,
With painful cough and spine shake,
Purchance you'll this question make
"*Sic transit gloria* MONDAY."

But if, more like a man of sense,
With that fam'd Candy you commence,
Which Mrs. Jervis doth dispense—
Twelve hours your cold will banish.

Like a mere wreath of mountain mist,
By the refulgent sunbeams kissed,
'Twill soon dissolve and vanish.

A fresh lot of the above, this day received and for sale at RIDER'S, 171 Thames st.

SAVE YOUR MONEY.

TRULY, THIS IS THE AGE OF HUMBUG!

TO CONSUMERS OF FLUIDS, PATENT OILS, CAMPHENE, &c.

HOW easy it is, and still more silly, for a person to sit down and write an advertisement praising every or any article that they may happen to have to sell, and running down that of their neighbor, which they know to be quite as good as their own, and, in many cases, better. But such is characteristic of the age we live in. But the public has been so cajoled up of late, with these dreadful, humbastic advertisements, that they now know just what weight to attach to them. We believe that advertising, when not abused, to be a benefit to all; but, like many other things, it must be conducted with

Gas! Gas!! Gas!!!

We would say to all, use your own judgment—it is the only alternative.

I have the following articles, which is the best, cheapest and cleanest, I may Offer or Fluid now used, for producing a brilliant light:

Burning Fluid,	- -	75 cts. per gall.
Pine Oil,	- - -	70 " "
Camphene,	- - -	60 " "
Phosgene,	- - -	70 " "
Porter's Fluid,	- -	70 " "
Wharton's Pine Oil,	-	60 " "
Double Pine Oil,	- -	60 " "

And all the other Oils. We are daily receiving fresh supplies of the above kinds of Oils and Fluids, from the largest Manufacturers in the country, and we defy all competition in prices or quality. We expect that others have as good an article as ours, but we know that none leave a better or a cheaper. Never, in one instance, has there been a complaint brought against it, and not one family that has given it a trial, but what continues to use it in preference to all others.

Also, Lamps of every description, for burning the above, for which, I am Agent for the Manufacturers, and will sell at their prices. Wickings, Tubes, Cans, &c., &c., and every article ever called for, kept in a Lamp store; and we advise all that desire a brilliant and economical light, to give us a call, and they will find us ever ready to fulfil our promises to the letter.

FACTS TO BE REMEMBERED.

CONSUMERS of Patent Oil, Pine Oil, Burning Fluid and Camphene, will find it to their interest to call on the undersigned before purchasing elsewhere, for three simple reasons—

1st. Because we always have on hand and daily selling, large quantities of the only PATENT OIL for tube Lamps, that is sold in Newport—for the sale of which, we are the only Agents, and which is, beyond all doubt, the best article for *Brevity* ever introduced, for a brilliant and Cheap Light. It burns free and brilliant—free from gas, smoke or smell, and will not congeal or explode, and is sold at 70 cts. per gallon.

2d. THE PINE OIL and BURNING FLUID furnished me by the largest and most extensive Manufacturers in New York and Boston, enable me to warrant it as being *pure* and *genuine*. Every one speaks of it in the most flattering manner, as being a cheap and clean light, and is sold at 70 cts. per gallon; and the Pine Oil, for burning in Williams's Parlor Lamps, for 60 cts. per gallon.

3d. Though last not least of all, comes REDERS DOUBLE REFINED CAMPHENE, which is acknowledged by all, to be the best and cheapest article for light. It has stood the test of this community for the last six years, notwithstanding the many attempts to crush it, by introducing an inferior article from New York and Boston. The superior advantage this has over *foreign Camphene* is, that we distill it fresh twice a week, and consequently it will not gum or corrode the wick, like an article bought from abroad. Thus, we provide the public with an article from which they can obtain any quantity of Light, (equal to City Gas,) at one-third of the expense, at the same time safe, clean, and free from smoke or smell.—All the above are FACTS, for which we hold ourselves responsible to the latter, as we hold to our honor, our reputation, and our sacred honesty.

Also, Lamps of every description for burning the above, for which we are Agent for the Manufacturers, and will sell at their prices. Wickings, Tubes, Cans, &c., &c.; and, in fact, we keep Poynter, clear up, in every particular respecting the Cheap Light system. Therefore, we say to every one that desires a brilliant and economical light, to call on the subscriber before purchasing elsewhere. PHILIP RIDER,

THE REMARKABLE CURATIVE POWERS OF

Have induced numerous attempts to counterfeit it, and make fraudulent use of Dr. TOWNSEND'S NAME to secure the sale of SPURIOUS ARTICLES.

DR. CHRISTIE'S GALVANIC BELT, BRACELET, NECKLACE AND MAGNETIC FLUID.

For the Removal and Permanent Cure of all

NERVOUS DISEASES,

And of those Complaints which are caused by an impaired or weakened or unhealthy condition of the

NERVOUS SYSTEM.

The beautiful and concentrated application of the two mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the most valuable medical discovery of the age.

Dr. CHRISTIE'S GALVANIC BELT

and

MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs and invigorating the entire system. Also in TIC, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC GOUT, EPILEPSY, LUMBAGO, DEAFNESS, SICKNESS, SUFFOCATION, PALPITATION OF THE HEART, SPITTING OF BLOOD, PAIN IN THE SIDE, and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE OF THE SPINE, KIDNEY COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.

In NERVOUS COMPLAINTS, drugs and medicines cannot reach the disease, for they weaken the vital energies of the already prostrated system, while under the electro galvanic invigorating influence of this remedy, the system receives a fresh supply of vitality, and a wonderful recovery, the color and plumpness of health is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curative,

consists, in the fact that they arrest and cure disease by a sound application of one of the natural principles of life and physiology, the galvanic fluid existing in Nature under the electro galvanic invigorating influence of this remedy, the system receives a fresh supply of vitality, and a wonderful recovery, the color and plumpness of health is restored to former health, strength, elasticity and vigor.

60,000 Persons

including all ages, classes and conditions, among which were a large number of widows, who were peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief has been given up and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with ill health or debilitation, DYSPEPSIA, or either of the various forms of Nervous Disorder in ordinary cases, one tablespoonful taken, which, by their action on the nerves and muscles of the stomach, will invigorating relief, but in such cases leave the patient in a state of debility with impaired faculties; after the action has ceased for a time. Now compare this with the effect produced from the application of the GALVANIC BELT, which, by its peculiar curative, even in the most aggravated cases of attack, will supply the deficiency of vitality which the Magnetic Fluid is directed. The electric power of the assimilate organization will retain the invigoration and of the Belt, thereby causing a daily and constant circulation which, by its invigorating aid, and thence forth again to be in a healthy, strong and vigorous condition. Galvanic circulation thus effected, can exhaust. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS'S USE OF THIS AMPLY SUFFICIENT TO ERADICATE THE DISEASE, OF YEARS.

CERTIFICATES AND TESTIMONIALS

Of the most Undoubted Character,

From all parts of the Country can be given, sufficient to fill every column in this paper.

AN EXTRAORDINARY CASE,

which conclusively proves that

"Truth is stranger than Fiction."

The following letter is one of the most remarkable events in the annals of Animal Existence, from the

Rev. Dr. Landis, a Clergyman

of New Jersey, of distinguished reputation and established reputation:—

SALEM, New Jersey, July 20, 1848.

DR. A. H. CHRISTIE—Dear Sir: You ask me what has been the result to my health since the application of THE GALVANIC BELT AND MAGNETIC FLUID. My reply is as follows:

For about twenty years I have been suffering from Dyspepsia, and during that time I have tried every remedy that could be thought of, and applied to every physician that could be consulted, but all to no purpose. I was a confirmed dyspeptic, and had given up all hope of ever being cured. About four months ago I was induced to try the application of your Galvanic Belt and Magnetic Fluid, and I am happy to say that I have received more benefit from it than from any other two remedies that I have ever tried. I am now in the enjoyment of good health, and I feel that I am entirely cured of my Dyspepsia. I would recommend your Galvanic Belt and Magnetic Fluid to all persons afflicted with Dyspepsia, and I feel confident that they will be cured. My daughter has been troubled with Rheumatism for a number of years, and I have used the Galvanic Belt and Magnetic Fluid on her, and it has entirely relieved her of pain. I have also used it for Nervous Headache, and it has never failed to relieve me in a few minutes. I have also used it for Nervous Debility, and it has never failed to relieve me in a few minutes. I have also used it for Nervous Debility, and it has never failed to relieve me in a few minutes. I have also used it for Nervous Debility, and it has never failed to relieve me in a few minutes.

I have also used the BELT and FLUID in many cases that have been suffering from Neuralgic affections. I have tried them with many persons, and they have never failed to relieve me in a few minutes.

I am, dear sir, very respectfully yours,
ROBERT W. LANDIS.
